- Thanks for attending! This is the ppt I showed through the app, NearPod. The interactive features are only available with the app.
- Apps I showed:
    - NearPod (also at nearpod.com)
    - Markup
    - PicCollage
    - Whiteboard
    - Toontastic
- The iPad app rubric is at:
    - http://kathyschrock.net/pdf/evalipad.pdf
    - And her whole site is great for techie teachers http://www.schrockguide.net/
- Apps mentioned at session:
    - Duolingo for language learning (middle – high school)
    - Class dojo for behavior management (elementary)

Directions:

1. Find "Nearpod" app on iPad.
   a) Swipe down on screen to access Search
   b) Type in "Nearpod"
   c) App will appear in list.
2. Select "I am a Student"
3. Enter code: QTFXP

iPads in the Language Classroom

Amy Hubertus
Exeter-West Greenwich Junior High
French Teacher

iPad uses in the classroom

- Content Delivery
- Oral and Written Language Production
- Assessment
- Student/Teacher Productivity

Where do I start?

- Get comfortable with the basic workings of the iPad and the basic iOS apps (iPhoto, iMovie).

- Determine how your iPads will be configured for student use.

- Set up iPad management systems in your classroom to make your job easier.

- Jump in! It's a little messy at first ☺

Resources? Use the Web!

- Check out these great resources!
- http://web2-4languageteachers.wikispaces.com/home
- http://www.youtube.com/user/iPadagogy
- http://www.edudemic.com/
- Individual teacher blogs are always full of helpful insight HOWEVER you can also spend hours surfing the web!

This is great, but...

- Time
- Continuous change
- Support systems
- Cost
- Worthiness
